Did you know that children ages 12 and up can be vaccinated against COVID?

On May 10, 2021, the U.S. Food and Drug Administration (FDA) issued emergency use authorization (EUA) for the Pfizer-BioNTech COVID-19 vaccine in children ages 12 to 15

The best way to find out which locations near you have the Pfizer vaccine in stock along with appointment availability is by visiting:

https://www.vaccines.gov/search/
